

EU Regulation (EU) 2026/2133

Customer Letter

Hamburg, 19.10.2026

Dear Valued Customers,

We would like to inform you about the latest developments in foreign trade and the implications of Implementing Regulation (EU) 2026/2133, which entered into force on 25 September 2026.

Due to the safeguard measures introduced by this Regulation and the resulting additional duties on certain materials, we regret that we must adjust the prices of affected products. Depending on the product group and material composition, the price adjustment will range from 3% to 10%.

Transparency and open communication with our customers are among our highest priorities. As the new regulations affect the entire supply chain, we want to inform you of these changes at an early stage and explain the reasons behind this measure.

We will continue to do everything we can to minimize the impact on our customers while ensuring a reliable supply and maintaining the high quality of our products that you have come to expect.
